

講演会

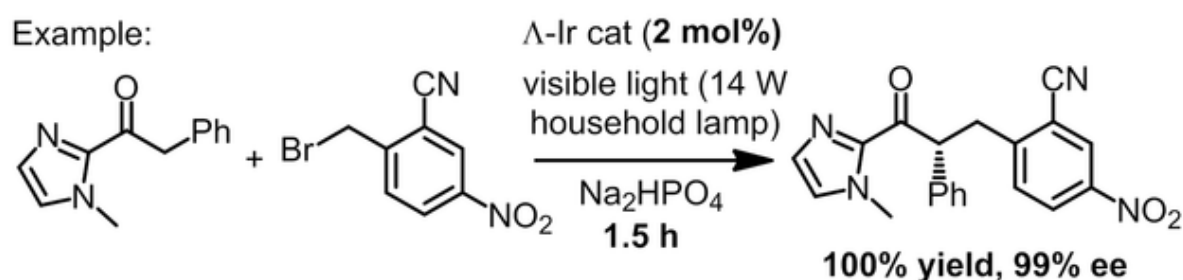

Asymmetric Catalysis Induced by Visible Light: From Free Radical to Excited State Chemistry

Prof. Eric Meggers

(Philipps-Universität Marburg, Germany)

Example:

spot-to-spot reaction, perfect enantioselectivity, low catalyst loading, short photolysis time

Nature, 2014, 515, 100.

10月31日 (火) 15時～ @化生研 第一会議室

問い合わせ：穂田 (内線 5230)
