

Tatsuya FUJINO

Associate Professor, Tokyo Metropolitan University

【E-mail】 fujino@tmu.ac.jp

【Speciality】 Spectroscopic Analysis

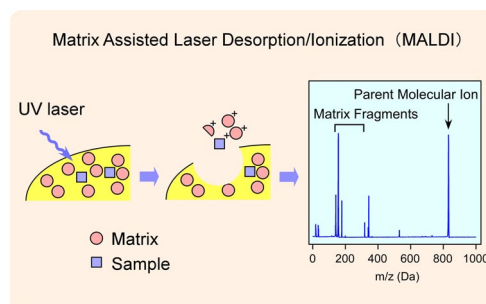

【Keywords】 Mass Spectrometry, Ionization

【Research Subject】 Spectroscopic Study of Non-destructive Ionization Process for Mass Spectrometry

Research Group Activity

- Spectroscopic Study for MALDI Mass Process

Understanding of MALDI mass process using time-resolved spectroscopies

- Development of useful matrix

Development of useful MALDI matrix by using molecules having incorporation function such as cyclodextrin and zeolites
