

Keiichi INOUE

**Assistant Professor, Graduate School of Engineering
Nagoya Institute of Technology**

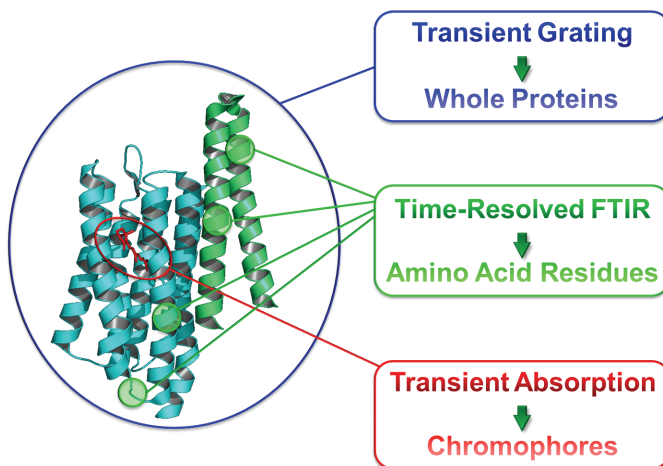

【E-mail】 inoue.keiichi@nitech.ac.jp

【Speciality】 Biomolecular Spectroscopy, Time-resolved Spectroscopy

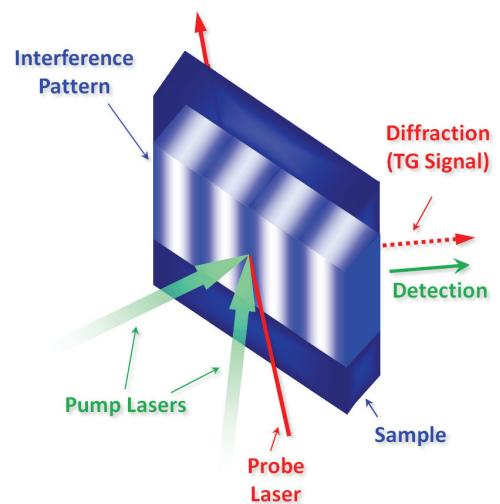

【Keywords】 Transient Grating, Time-resolved FTIR

【Research Subject】 Study on reaction dynamics of proteins that reaches from micro to macro by time-resolved spectroscopy

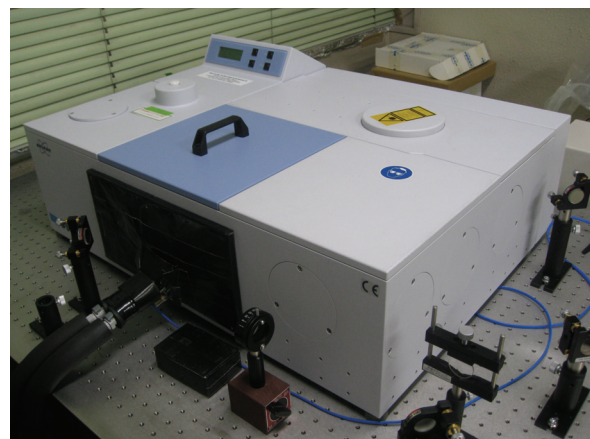

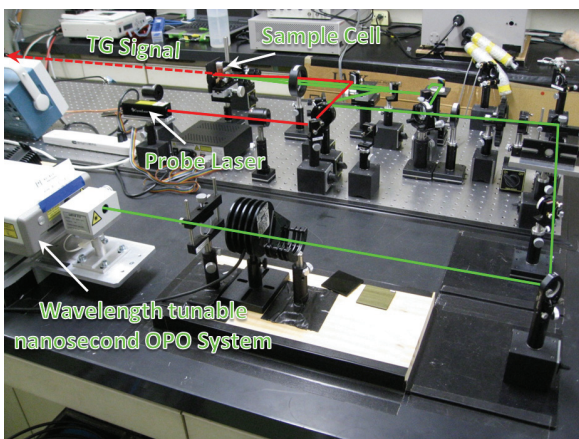

Research Group Activity

- Spectroscopic Methods and Structural Information will be obtained by them

- The Principle of Transient Grating Method

- Transient Grating Method Measurement System
- Time-resolved FTIR Spectrometer (FTS-66v)
